
Steel Ladle for Continuous casting machine From <http://www.geilimachinery.com/>

MODEL:	GL-H002
SIZE:	As request
PACKAGE:	Safety packing

Steel ladle

casting steel ladle is important device in steel making. It used for pouring operations, after receiving the liquid metal in the blast furnace, transported by road to the mold at the pouring.

Features:

1. Resistance to burning hot metal ladle
2. Multi-purpose hot metal ladle
3. Safe and reliable design
4. Easy control

Steel-making Working Process:

Mechanical part: 1) Ladle turret

2) Tundish

3) Tundish car

5) Mould vibration device

7) Protecting cover for vibration device

9) Secondary cooling spraying pipe

11) Support roller device for secondary and thirdly cooling

13) Transmission device for withdrawal straightening machine

15) Rigid dummy bar

17) Guide roller for dummy bar storage device

19) Hydraulic billet pusher

21) Flame cutting machine/hydraulic shear (determined by customers)

23) Control system for mould vibration

25) Effective control system for dummy bar

29) Control system for billet out

31) Steel structure

33) Platform for dummy bar storage

34) Hydraulic system

36) Control system for secondary cooling water

38) Special configuration can be provided in accordance with customers requirements

We are a steel manufacturer in China, is professional in steel machinery with years's experience. We can supply the whole production line, from induction furnace, CCM and rolling mills with high quality and competitive price

Our Certificate

Certificate of Conformity of Management System Certification

This is to certify the quality management system of
FUJIAN PUTIAN GEILI MACHINERY MANUFACTURING CO.,LTD.

ADDRESS: XIANYOU ECONOMIC DEVELOPMENT ZONE, PUTIAN CITY, FUJIAN PROVINCE P.C.: 351254

Is in conformity with
ISO9001: 2008

This certificate covers the following area

**DESIGN, PRODUCTION AND SERVICE OF CONTINUOUS CASTING
MACHINE AND WIRE ROD WRAPPING MACHINE**

Issue Date: OCT. 18, 2012

Expiry Date: From OCT. 18, 2012
To OCT. 17, 2015

Certificate No.: M43112Q21092R0M

General Manager:

强克冰

JAS-ANZ

MANAGEMENT SYSTEM

M4310809CB

According to HXQC requirements, the certificate is only valid by at least three times of surveillance audit within the period of validity.

Since 18, October, 2013, the certificate should have been only valid together with the notice letter of annual surveillance audit conclusion. Please visit www.hxqc.cn or www.JAS-ANZ.org register for this certificate's validity status.
